Building our Learning Power!

The classes continue to focus on developing a 'Learning Power' every week. This week's power has been 'Captain Resilience'. As headteacher, I am fortunate to have opportunities to visit the classroom while the children are busy learning and I make the most of the opportunity to observe their learning behaviours.

I am delighted to report to you that classroom behaviour is very good. Pupils consistently work hard and are respectful and kind towards each other and the rest of the school community. In addition to this, I have been deeply impressed by their willingness to take risks in their learning. You've heard the phrase 'Nothing ventured, nothing gained!' Well that is so true of learning.

This week I have observed a number of classes in maths sessions where children have shown willingness to take risks and have a go at a problem solving task. Sometimes we have to struggle for a while before we find our way towards a solution. This requires resilience and this isn't always easy. It has been great to celebrate 'Captain Resilience' this week as it is a really important characteristic for future success. I want to give a special mention to the following pupils who have stood out for their problem solving and perseverance:

Joshua (Y6)

Cohen (Y4)

Logan (Y4)

Samuel (Y1)

The Lambley Village Kitchen Car Park

The new owners of the Lambley Village Kitchen have given kind permission for the school community to make use of their car park at drop off and pick up times. We really want to be good neighbours to the new owners so ask that everyone takes care to park safely and with courtesy. We advise filling up the spaces at the top end of the car park first.

No one should be parking on or opposite the zig-zag lines on Catfoot Lane as this blocks visibility for children crossing the road and is dangerous for pedestrians trying to use the footpath. Please respect this.

Family Fun Day & Non-Uniform Day

The Friends of Lambley Primary School are busy putting together arrangements for the Family Fun Day on Saturday 1st July. Please put this date in your diary and come along to support what is going to be a wonderful event.

Feel free to spread the word and invite friends, family and anyone who is new to the Lambley Community. It is going to be a wonderful family event with plenty to do and something for everyone.

To help towards the success of this event, we are inviting children to come to school in non-uniform on Wednesday 24th May and donate a prize for the raffle or tombola in return.

We believe that safeguarding children is everyone's responsibility.

At Lambley we are committed to keeping our children safe from harm. Vicky Dilnot, Rebecca Shardlow and Jennifer Swinburne have responsibility for safeguarding & child protection. If we have any concerns reported to us we will always take action to protect a child and inform the relevant agencies.

Lambley Newsletter 27

Our School Website

We are live!

The address remains the same:

www.lambleyprimaryschool.org.uk

Over the next couple of weeks we will be adding more content, including some Blog entries for the news section. Please take a look.

House Activity Afternoon

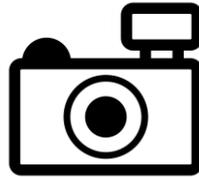

On Thursday 25th May, the day the children break up for Half Term, we will be holding a STEM house activity afternoon. You should have received a letter telling you about this. Any donations of resources and materials to support this event will be gratefully received. Please send them in with your child to pass on to Mrs Shardlow.

School Photos: Friday 5th May

Next Friday is photos day. The photographer will be taking both individual and class photos throughout the morning.

Vicky Dilnot

Head Teacher
