## Sponsored Listen Fundraiser

Dear Parents/Carers,

Reading in school continues to go from strength to strength. The children are so excited by WALTER the vending machine and are showing such enthusiasm for reading and learning more about the texts we have in school.

To support us with this, we asked you and your children to do a sponsored listen over Easter. All money raised would go to adding great quality fiction and non-fiction into classrooms and the school library.

I am writing today to say a **HUGE THANK YOU** to all the children and sponsors who took part over Easter. Not only will the reading and listening to stories be invaluable to the children's learning but your kind donations have added such a wonderful array of books into school. As a school community you and your children raised **£1000!** We are so thankful for your kindness and support. Alongside the extra funding promised by Usborne, we have received 205 new books for school. We cannot wait to start sharing these books with the children.

Thank you again for your continued support. These books are really going to enhance our curriculum and your children's learning. Thank you.

Kind regards

Lee Christopher
